(+91) 6398549435 | saxenadrashtanta26@gmail.com | <https://www.linkedin.com/in/drashtanta-saxena/> | Greater Noida, India

CAREER OBJECTIVE

Detail-oriented and motivated Data Analyst with hands-on experience in Python, SQL, Machine Learning, and Business Intelligence tools. Skilled at transforming raw data into actionable insights through statistical analysis and compelling visualizations. Seeking a challenging role to leverage data-driven problem-solving capabilities and contribute to impactful business decisions.

TECHNICAL SKILLS

Languages: Python, SQL, Core Java, C, HTML, CSS, JavaScript

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, FastAPI, React.js, Tailwind CSS

BI & Visualization Tools: Power BI, Tableau, Excel

Databases: MySQL, MongoDB

ML Algorithms: Logistic Regression, Decision Trees, Random Forest, Isolation Forest, SVM, KNN

Platforms & IDEs: VS Code, Jupyter Notebook, Google Colab, IntelliJ IDEA

EXPERIENCE

Data Science Intern — Code Soft Technologies

Remote | 4 Weeks

- Completed end-to-end ML projects including Titanic survival prediction, movie rating prediction, and credit card fraud detection, demonstrating ability to deliver from data ingestion to model deployment.
- Applied supervised learning algorithms (Logistic Regression, Decision Trees, Random Forest) using Python and Scikit-learn, achieving well-evaluated classification and regression models.
- Performed data preprocessing, feature engineering, and EDA using Pandas, NumPy, Matplotlib, and Seaborn across diverse real-world datasets.
- Built sales forecasting and IRIS flower classification models, strengthening proficiency in both regression and multi-class classification techniques.

Data Science & AI/ML Trainee — Croma Campus

IIMT College of Engineering

- Developed hands-on expertise in data analysis and processing pipelines using Python, Pandas, and NumPy.
- Built and evaluated predictive models and interactive visualizations to support data-driven decision-making.
- Enhanced programming and problem-solving skills applicable across analytical and software development contexts.

PROJECTS

Customer Churn Prediction Model

Python | Pandas | NumPy | Scikit-learn | SQL

- Engineered a machine learning classification model to predict at-risk customers, enabling proactive retention strategies.
- Applied feature selection, data balancing, and cross-validation to optimize model precision and recall.

AI-Driven Faculty Performance Analytics System

React.js | Tailwind CSS | FastAPI | Python | Scikit-learn | SQL

- Developed a full-stack web application to monitor and evaluate faculty performance using data-driven analytics and ML insights.
- Built a responsive React.js frontend with interactive dashboards; implemented RESTful backend APIs using FastAPI for real-time data processing.

Credit Card Fraud Detection System

HTML | CSS | JavaScript | FastAPI | Python | MongoDB

- Designed and deployed a fraud analytics web application using Logistic Regression, Isolation Forest, and SVM to compare model effectiveness.
- Created a fully responsive, AI-themed UI with dynamic visualizations to surface anomaly insights in real time.

Business Intelligence Dashboards (Power BI)

Power BI | DAX | Data Modeling

- Sales Data Dashboard: Built interactive KPI tracker visualizing revenue growth, product performance, and customer segmentation trends.
- Blinkit Data Analysis Dashboard: Analyzed delivery trends and customer behavior patterns to surface operational efficiency opportunities.
- Titanic Survival Analysis Dashboard: Visualized survival rates by passenger class, age group, and gender using dynamic chart compositions.

EDUCATION

IIMT College of Engineering, Greater Noida

2024 – Present

Master of Computer Applications (MCA) — SGPA: 8.61

Raja Mahendra Pratap Singh State University, Aligarh

2021 – 2024

Bachelor of Computer Applications (BCA) — 76.32%

SOFT SKILLS

Analytical thinker | Strong work ethic | Adaptable & fast learner | Effective communicator | Team collaborator

LANGUAGES

English (Professional) | Hindi (Native)
